

Kindergarten—Grade 3 Little Book Libraries

- Help students build content literacy with levelled Little Books that connect with the topic areas in the new BC Science curriculum
- 20 titles per grade level, 1 copy of each
- Includes titles at a variety of reading levels at each grade level

KINDERGARTEN

Nelson Science Kindergarten Little Book Single Copy Set 9780176814915

Biology: Basic Needs of Plants and Animals

Living Things Need Water
Level C

What Do Pets Need?
Level E

What Animals Need
Level D

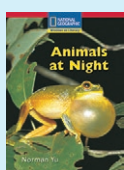

Do Wolf Pups Need a Babysitter?
Level C

Look at the Tree
Level B

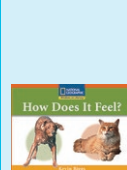

What Parts Do Animals Have?
Level: Single Word

Animals at Night
Level C

Chemistry: Materials

How Does It Feel?
Level: Single Word

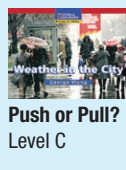

Color and Size
Level C

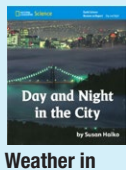

Objects at a Party
Level B

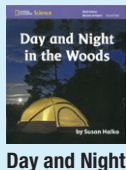

Earth/Space: Daily and Seasonal Changes

Push or Pull?
Level C

Weather in the City
Level B

Day and Night in the Woods
Level A

Day and Night in the Woods
Level B

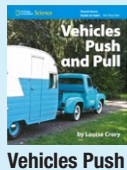

People Play in All Kinds of Weather
Level B

Physics: Pushes and Pulls

Push or Pull?
Level C

Vehicles Push and Pull
Level A

Animals Push and Pull
Level C

People Push and Pull
Level B

Which One Does Not Belong?
Level B

GRADE 1

Nelson Science 1 Little Book Single Copy Set 9780176814922

Biology: Living Things

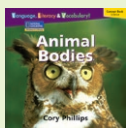

Living Things Need Food
Level H

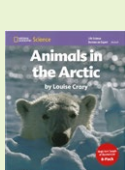

Trees, Seeds, and Leaves
Level G

Small Animals That Hide
Level E

Animal Bodies
Level F

Animals in the Arctic
Level B

A Frog Has a Sticky Tongue
Level H

Birds That Migrate
Level G

Big Animals That Hide
Level G

Stars in the Sky
Level H

The Sun Shines
Level D

Chemistry: Properties of Materials

A Better Look
Level H

How Does it Change?
Level F

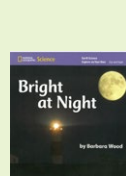

Building a House
Level G

Make a Monster
Level E

Physics: Light and Sound

Bright at Night
Level: Single Word

I Can See My Shadow
Level F

Making Music
Level K

The Night Sky
Level G

What Color Is the Sky?
Level F

What Can Clouds Bring?
Level F

Nelson Science 2 Little Book Single Copy Set 9780176814939

Biology: Life Cycles

						
A Butterfly's Favorite Plant Level G	The Penguin Chick Level I	What Do You Know About Dolphins? Level J	How Do Seeds Travel? Level J	Frogs Level K	Mothers and Babies Level F	Life in a Garden Level K

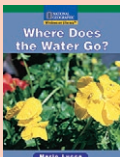

Chemistry: Changing Materials

	
Kitchen Science Level M	In the Kitchen Level G

Physics: Forces

Go for It! Level H

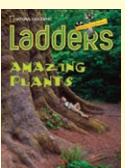

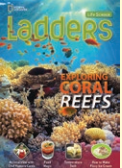

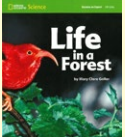

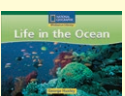

Earth/Space: Water

					
Oceans, Seas and Coasts Level M	Where Does the Water Go? Level L	Waterfalls, Glaciers and Avalanches Level M	Where Do the Puddles Go? Level L	Ice Level I	Water Can Change Level K

			
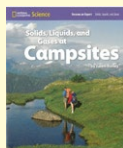

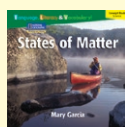

Trains Push and Pull Level H	Machines Push and Pull Level G	How People Move Around Level K	Forces and Motion During Winter Sports Level K

Nelson Science 3 Little Book Single Copy Set 9780176814946

Biology: Ecosystems

									
Eat or Be Eaten Level J	At Home in the Ocean Level K	Amazing Plants Level M	Exploring Coral Reefs Level L-P	Life in a Forest Level L	Life in the Ocean Level M	Science at the Park Level Q	Science at the Zoo Level Q	Science at the Aquarium Level Q	Science at the Sandy Shore Level P

Chemistry: Particles of Matter

				
Animals Invade! Level N	Solids, Liquids, and Gases at Campsites Level I	States of Matter Level L	Mixed-Up Matter Level K	Let's Cook Level Q-S

Physics: Thermal Energy

	
The Sun Level N	Introduction to Energy Level Q

Earth/Space: Landforms

		
Mountains, Valleys, and Plains Level L-P	Changes All Around Us Level M	Forces Of Nature Level M
